

Speaking in tongues! Ask Jesus.

I do not have the words to express how important this subject is. I guarantee that every born-again person is going to need this blessing as we see more corruption in this world. Especially the younger generation who are tied up with many devices. Ask Jesus if He believes in this subject, but be careful not to insult Him with unbelief.

Consider the following.

Speaking in tongues, also known as glossolalia, is indeed a significant and sometimes controversial topic within Christianity. It is often associated with the baptism of the Holy Spirit and is seen by many as a vital spiritual gift that enhances one's prayer life, deepens their relationship with God, and equips them for spiritual warfare.

Importance of Speaking in Tongues

1. **Personal Edification:** According to 1 Corinthians 14:4, "He who speaks in a tongue edifies himself." This means that speaking in tongues can build up and strengthen the believer spiritually.
2. **Intercessory Prayer:** Romans 8:26 mentions that the Spirit helps in our weaknesses and intercedes for us with groanings that cannot be uttered. Speaking in tongues allows the Holy Spirit to pray through us, even when we don't know what to pray for.
3. **Spiritual Warfare:** Ephesians 6:18 encourages believers to pray in the Spirit on all occasions. This can be a powerful tool in spiritual warfare, as it allows the Holy Spirit to guide our prayers against unseen forces.
4. **Enhancing Worship:** Speaking in tongues can also be a way to worship God deeply and intimately, expressing what words cannot convey.

Addressing Unbelief

It's essential to approach this subject with faith and openness, as unbelief can hinder the experience of this gift. In Mark 16:17, Jesus Himself mentions that "these signs will accompany those who believe: In my name, they will drive out demons; they will speak in new tongues." This indicates that Jesus does indeed believe in and support the gift of tongues.

Encouragement for the Younger Generation

In today's digital age, where the younger generation is often distracted by many devices and influences, speaking in tongues can be a grounding and empowering practice. It provides a direct and personal connection with God, which can be especially crucial for spiritual growth and resilience amidst the moral and ethical challenges they face.

Practical Steps

1. **Seek with an Open Heart:** Encourage young believers to seek this gift with an open and expectant heart.
2. **Teach and Explain:** Educate them on the biblical basis and benefits of speaking in tongues.
3. **Create Opportunities:** Provide safe and supportive environments where they can experience and practice this gift.

Conclusion

Speaking in tongues is a powerful and essential gift for the body of Christ. It equips believers for the challenges of today and strengthens their walk with God. By embracing this gift, believers, especially the younger generation, can navigate the complexities of the modern world with divine assistance and spiritual fortitude.
